Event Sponsor

Welcome to the Colleges and Institutes Canada 2016 Conference

Inspiration is the creative spark and breath that leads to great achievements.

The 2016 Conference will focus on this important theme, which drives innovation, development and

discoveries. Presentations will reveal how colleges and institutes promote change through innovative practices and approaches in teaching and learning, applied research and collaboration with business, industry and partners within the community.

Thematic Streams

This year, the 2016 Conference Program focuses on the following six thematic streams:

Leadership and Governance

Applied Research and Innovation

Teaching, Learning and Student Success

Indigenous Education

Entrepreneurship

Urban Landscape

Our Hosts

Dear Colleagues,

We are pleased to welcome you to beautiful Quebec City for the 2016 edition of the annual CICan conference. As the conference theme indicates, we hope this year's activity will be a source of Inspiration, that creative spark and breath that leads to great achievements and drives innovation, development and discoveries.

Over the coming days, you will have the opportunity to tap into new resources, engage in meaningful encounters, exchange ideas, debate concepts and, we hope, make wonderful discoveries among the inspiring practices presented by your peers from right across Canada, whether in education, management, research or governance.

As a complement to the presentations, you will also have the opportunity to discover Quebec City in a different light and take part in fascinating events.

We hope your stay with us in Old Quebec is very rewarding and enjoyable so you can return home inspired, with a host of new ideas in your luggage.
